三、克漏字測驗【請依照段落上下文意，選出最適當的答案】

- 第一篇：
- You’ll likely encounter a *tachinomiya* (a standing bar) when looking for a drink in Japan. Originally standing bars were connected to liquor shops. Liquor shops would sell alcohol on their storefronts. The rationing of alcohol during WWII in 1943 imposed limitations on how bars could operate, 31 the disappearance of many small bars. Those that 32 open followed a system based on rules set by the Tokyo metropolitan government. The rules required bars to have a ticket system for customers and prohibited customers 33 sitting on chairs. The rationale was that having customers stand would reduce the time spent at the bar.
- Standing bars are often tiny with minimal space even to stand. Although small and often very narrow, they can still be vivacious places. They are also typically very affordable. 34 some typical bars in Japan, standing bars typically don’t charge an extra service fee or drink fee. Each standing bar will have slightly different etiquette, so if you’re a first-timer, it is best to watch how people act. Some places may expect you to yell your order to the bar staff, particularly when ordering drinks. Beer, sake, and highballs are popular drinks in Japan. If you are unsure what drink to order, you can 35 the recommendation of the day or the chef’s recommendation.
- 【4】31. ① judging by ② resulting from ③ concerning of ④ leading to
 【3】32. ① inserted ② proposed ③ remained ④ violated
 【1】33. ① from ② into ③ by ④ for
 【3】34. ① Despite ② Followed ③ Unlike ④ Even
 【1】35. ① ask for ② take over ③ count down ④ get on

When we try something 36, we take a risk. For example, a scientist researches an infectious disease, a diver descends into 37, or an entrepreneur invests in a new business. Sometimes, we take big risks, usually for obvious reasons – to gain fame, to 38 wealth, or to save lives. Most people will take some risk to achieve one of these goals. But as the 39 increases, the number of people willing to go forward drops. Only 40 risk-takers continue on, which makes scientists wonder: What exactly drives these people to go on when others stop?

- 【4】** 50. Which of the following measures is **NOT** mentioned to prevent the unemployment insurance program from being disabled by fraudulent claims for benefits?
- ① The insurance agency will determine whether workers became unemployed due to unavoidable circumstances or by choice.
 - ② Workers who became unemployed will be monitored about the validity of their required ongoing job search.
 - ③ Unemployed workers are paid only a fraction of their previous salary and only while they are actively seeking employment.
 - ④ Workers who became unemployed need to prove that they have completed six-month job search.
